MINE VEHICLE WEIGHBRIDGES

DESCRIPTION

Accuweigh is Australia's largest supplier of weighbridges and we have designs to suit all applications, including mine vehicles and custom off-road vehicles.

Accuweigh has several mine vehicle weighbridge installations around Australia and you are welcome to contact us for references. All mine vehicle weighbridges are designed and certified by an engineer experienced with weighbridge technology and applications.

Accuweigh also provides the complete range of weighbridge peripherals and add-on systems, including wireless communication of weight readings to a remote office, belt weighers, and software solutions.

HIGHLIGHTS

- Increased Loadcell Capacities and Reinforced Weighing Platform to Weigh Vehicles in Excess of 300t
- Digital Weight Indicator: Completely Integrates with Other Site Systems
- Typically Hot-Dipped Galvanised Finish
- Engineer-Designed and Certified Structure, Including the Foundation
