

**ACCUWEIGH**

Onboard and Vehicle  
Weighing Systems

# FreightWeigh AirWeigh II

for all Air-Suspended Vehicles

## Gross weight overload protection for all-air suspension vehicles

Accurate and simple to operate overload protection system.

Suitable for all heavy goods vehicles with air suspension.

Operates with any combination of tractor trailer in multiple vehicle fleets.

Sensors measure the weight from the suspension and displays weight information on the hand held weighing unit.

Articulated

Draw-Bar

Multiple Trailer

Rigid

- Up to four sensors for multiple trailer or draw bar combinations
- Wireless display shows GVW and percentage loading on tractor and trailer
- Operates up to 30 metres from the vehicle
- Ni Cad rechargeable battery
- Installed and calibrated within 4 hours
- Calibration requires a fully loaded vehicle and access to a weighbridge
