

ACCUWEIGH

Onboard and Vehicle
Weighing Systems

Accuweigh-Air

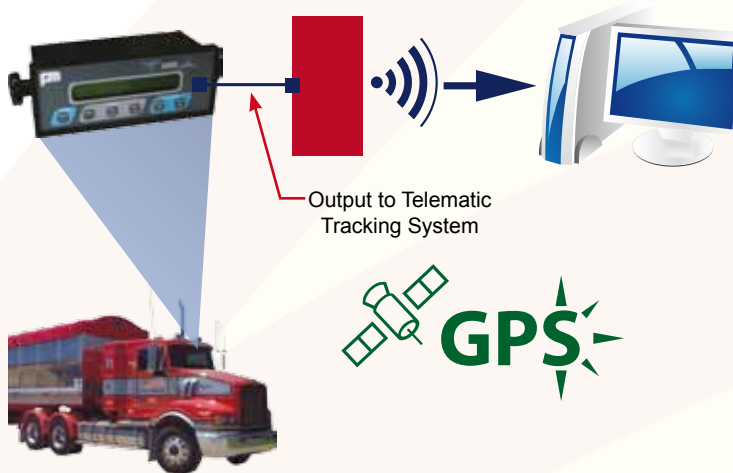

For air suspension vehicles

Accuweigh-Air

For payload control, the Accuweigh-Air system incorporates a unique air sensor principle which measures the load in the trailers air suspension system. The Accuweigh-Air system can be fitted easily and is installed within one working day. The equipment also incorporates the proven PM1200D digital indicator.

- Net payload and gross vehicle weight
- Accurate to $\pm 3\%$ to 5% FSD or better
- Installed within one working day

PM1200D Indicator

Tractor & Trailer Kit

Telematics Output

Accuweigh-Air includes an output from the indicator capable of connecting with tracking systems, allowing communications between the two systems which is easy to achieve and reliable.

A cable is supplied with the Accuweigh-Air system which allows telematics systems to capture the weight information and alarm triggers.
