

HJ-150 POCKET BALANCE

HJ-150 compact scale is suitable to carry with you anywhere in your pocket, bag or briefcase!

COMPACT DESIGN

Easy to carry in your pocket, bag or briefcase and measurement can be done even in extremely cramped conditions (66 x 98mm).

SELECTABLE WEIGHING UNIT

Meet any weighing application by choice of weighing unit of grams or ounces; simply change unit by pressing a button on the under-side of the scale.

HIGH WEIGHING RESOLUTION

Precision weighing of 150 x 0.1g or 5.29 x 0.01oz.

TARE FUNCTION

One touch tare function enables the user to use a container for net weighing.

BATTERY OPERATION

Uses 2 AAA alkaline batteries for easy transportation.

LARGE LCD DISPLAY

Easy to read the 8mm high 7-segment LCD to prevent reading errors.

LIGHT WEIGHT

Only 100g in weight (including batteries).

AUTO POWER OFF FUNCTION

To save battery consumption for a long battery life, it automatically turns itself off after 30 seconds of the display showing "0.0g", and after 2 minutes when the weighing is stable.

BACKLIGHT FUNCTION

Beautiful blue backlight makes reading the display easy even in dark weighing conditions.

STANDARD CALIBRATION MASS

Standard calibration mass of 100g comes provided with the HJ-150 in its carton box to save you from purchasing a calibration mass separately.

CALIBRATION FUNCTION

One-touch calibration with the standard calibration mass provided makes scale calibration extremely easy for accurate weighing.

PROTECTIVE COVER

Protects the weighing pan from overload and shock-load when it covers the scale; the protective cover can also double as a weighing container to be used to measure small objects.
